

## **General Membership Meeting**

**November 15, 2024**

### **Subcommittee Updates**

#### **Accessible Communities**

Accessible Communities paused on giving funding this quarter due to a high number of grants needing contract extensions. We will revisit funding new projects in January. AC is currently recruiting new members.

#### **Community Outreach**

Community Outreach is planning their event for April of 2025 in Spokane, WA.

#### **Governor's Employer Awards**

Governor's Employer Awards had a successful event in October and is having a debrief this week.

#### **Legislative Subcommittee**

Legislative subcommittee is getting together this month to work on priorities for the next legislative session in January of 2025.

#### **Membership**

Membership interviewed 11 people and created a short list of recommended people for appointment. That list will be submitted to Boards & Commissions next week. The group completed their work early to give plenty of time for appointments given the changes in staff with the new Governor's administration.

#### **Youth Empowerment Program**

Youth Empowerment Program (previously known as the Youth Leadership Forum) is planning a virtual Youth Empowerment Summit for August of 2025.
