Introduction

The Labor Market and Economic Analysis branch of the Employment Security Department presents the Washington state occupational employment and wage estimates for March 2010. The data are presented by area for Statewide, Metropolitan Statistical Areas, Metropolitan Divisions, and Balance of State areas. All data in this publication are at the cross-industry level.

The Occupational Employment Statistics (OES) Survey is a federal-state cooperative program between state employment departments and the Bureau of Labor Statistics, U.S. Department of Labor. National estimates and information about the survey are available online at www.bls.gov/oes.

Notes on Estimates

The occupational employment and wage estimates presented here are based on the spring 2009 Occupational Employment Statistics survey of over 4,000 employers. Data from the current survey were combined with the fall 2006, spring 2007, fall 2007, spring 2008, and fall 2008 survey panels to increase the sample size to about 24,000 employers. Wage estimates were updated to a March 2010 level using Employment Cost Index (ECI) factors. Employment estimates are benchmarked to an average of November 2008 and May 2009 employment.

Each occupation collected in the survey was classified into one of over 800 categories using the Standard Occupational Classification (SOC) coding system. For job definitions and other information about the SOC structure, go online to www.bls.gov/soc.

OES does not survey farms, self-employed persons, owner/partners in unincorporated firms, the military, household workers, or unpaid family workers. Some occupations or wage levels will not appear due to inadequate sample size. Occupations with an estimated employment of less than 20 were not included in this publication.

For occupational projections and much more Washington state labor market information, see the Labor Market and Economic Analysis website at:

www.workforceexplorer.com Or contact the Labor Market Information Center at 1-800-215-1617

Definitions

25th Percentile – Twenty five percent of all wage earners earn below the wage rate specified.

50th Percentile – Fifty percent of all wage earners earn below the wage rate specified. It is also referred to as the median wage.

75th Percentile – Seventy five percent of all wage earners earn below the wage rate specified.

Annual Wage – In instances where hourly rates are reported, the annual wage is calculated by multiplying the hourly rate by 2,080 hours, or the yearly equivalent of working 40 hours each week. Annual wages are calculated as full time.

Mean Wage – The sum of all reported wage rates divided by the number of rates.

Employment Cost Index (ECI) – The Employment Cost Index measures changes in wages, salaries, and benefits for civilian workers, including private industry plus state and local government. The ECI is published by the U.S. Bureau of Labor Statistics and can be viewed online at stats.bls.gov/ncs/ect.

Metropolitan Statistical Area (**MSA**) – Also called Metro Area. A county or group of counties that has a principal city or urbanized area with a population of at least 50,000 inhabitants designated to be an economically-related area. An MSA may include contiguous counties from neighboring states.

Balance of State Area (BOS) – One of four groups of counties in Washington not included in Metropolitan Statistical Areas. The county groups are considered to be economically related.

Metropolitan Division (**MD**) – A Metropolitan Division is used to refer to a county or group of closely-tied contiguous counties that serve as a distinct employment region within a Metropolitan Statistical Area that has a population of at least 2.5 million.

Standard Occupational Classification (SOC) – The SOC system is used by government agencies to classify workers into occupational categories for the purpose of collecting, calculating, or disseminating data. The SOC uses over 800 codes to classify occupations. There are 23 major groups in the SOC structure which combine related occupations into general categories. For more information on SOC, go online to www.bls.gov/soc.
